THE DIRECTOR OF CENTRAL INTELLIGENCE

Office of the Deputy for the
Intelligence Community

IC/CPAD-74-0747

30 April 1974

The Honorable David Potter
Assistant Secretary of the Navy for R&D
Room 4E736, The Pentagon
Washington, D. C.

Dear Dr. Potter:

Following up on my conversation on Tuesday, 24 April, with Dr. Koslov, I would like to confirm that the scheduled date for the U.S. Navy R&D presentation to the Intelligence Research and Development Council is 4 June from 1000-1200 hours. Please be assured that facilities for either viewgraphs or slides will be available.

Approximately thirty minutes may be left for discussion if you desire. I will need to know about two weeks in advance as to just who will be rendering the various portions of the briefing.

With regard to Dr. Koslov's suggestion as to scope, I concur with his observation that it is germane to Council deliberations for the presentation to also address intelligence-related R&D (Category II in Dr. Lukasik's presentation).
